

For the protection of our staff members, and our clients we have made the decision to go completely to car side assistance until further notice. When you arrive at the clinic whether it is for an appointment or to pick up pet supplies, we ask that you do not enter the building. Please call our hospital phone number 360-384-0212 and let our receptionist know you are here.

Car side appointments will be done the following way:

1. You will call the clinic let the receptionist know you are here and they will check you in for your appointment.
2. One of our Technicians or Assistants will come out to your car and collect your pet and all needed information.
3. Our doctors will examine your pet inside the building.
4. The doctor will then call you to discuss the exam findings and next steps.
5. We can take payment over the phone for the services provided.

We apologize for any inconvenience this may cause. We have chosen to take these steps and precautions to ensure the health and protection of our staff, so we can remain open to serve you and your pet's needs.
